

## ECCA 2021

**Financing climate adaptation:  
from climate-proofing investment to mobilizing funds for a resilient society**

### Webinar May 25, 2021

13:30 - 16:00 CEST

The ECCA21 opening webinar on “**Financing climate adaptation: from climate-proofing investment to mobilizing funds for a resilient society**”  
will shed the light on the urgent need to mobilize public, private and alternative financing sources to help the society to adapt to a changing climate.

Join us in **two live panels** with key experts from international organizations and the financial sector to discuss innovative solutions on financing climate adaptation. In the **break-out groups** you will be able to provide your ideas and insights on the different key tools, drivers and services for sustainable finance.
